

FitBuddy AI — Team Involvement in Demonstration

Phase 8 • Project Demonstration

Suggested responsibility areas

- Presenter 1 — Project overview, problem, and objectives.
- Presenter 2 — Requirements, customer journey, and technology stack.
- Presenter 3 — Architecture, implementation, and functional features.
- Presenter 4 — Testing, documentation, and live demonstration.
- Presenter 5 (if applicable) — Feedback refinement, future plan, and Q&A.

Important note

- The supplied project documentation does not identify actual team-member names or assignments. The responsibility areas above are a presentation template and should be replaced with the real team allocation.
